

Nashoba Associated Boards of Health

Environmental Health Service

30 Central Avenue, Ayer, Ma. 01432

PROCEDURE FOR THE CONSTRUCTION/DESTRUCTION OF A PRIVATE WATER SUPPLY

WELL CONSTRUCTION

1. Application for well construction permit obtained from Nashoba Assoc. Boards of Health, 30 Central Ave., Ayer, MA.
2. Completed application returned to Nashoba along with a check made payable to Nashoba Assoc. Boards of Health.
3. Application is reviewed by Nashoba for completeness and/or the Town Board of Health shall determine any additional sampling requirements (if any) and incorporate them on the permit.
4. The permit for well construction is either issued or denied (explanation included).
5. Well is constructed/installed in accordance with applicable rules and regulations.
6. Well is developed and disinfected.
7. Laboratory (certified) services are secured by owner or installer for water sample analysis or Nashoba will select the laboratory
8. Notification is made to Nashoba regarding sampling date and time (a minimum of 48 hours prior to sampling).
9. Well water sample(s) are collected and submitted to laboratory for analysis by Nashoba.
10. Analytical results are submitted to the Local Board of Health and Nashoba for review.
11. Within 30 days after the wells completion the well driller or digger shall submit to Nashoba a signed well log/report containing the required information as specified in the well regulations. This report shall constitute the Certificate of Compliance with the terms of the permit and all pertinent rules and regulations pertaining to the well installation.
12. Nashoba will review the analytical results for compliance with applicable drinking water standards. Determination of the acceptability of the well for a potable water supply will be made and the well will be approved or disapproved for the use accordingly, owner will receive written notification.

WELL DESTRUCTION

1. Application for a well destruction permit is obtained from Nashoba.
2. Completed application is returned to Nashoba.
3. Application is reviewed by Nashoba for completeness and compliance to applicable rules and regulations.
4. The permit is issued or denied (with explanation).
5. The well is destroyed in accordance with applicable regulations.
6. Within 30 days a signed well driller's or digger's log/report shall be submitted to Nashoba, this report/log shall constitute a Certification of Compliance with the terms of the regulations.
